

GIVE LA FOLLETTE A GREAT OVATION

Enthusiastic Greeting by
Rock County Repub-
licans Last Night.

THOUSANDS TO SEE HIM

Grand Torchlight Procession
with Fireworks Escort
Him to Opera House.

EDGERTON WAS IN EVIDENCE

Rock county republicans did themselves proud last night. Graham L. Rice, nominee for railroad commissioner, and James O. Davidson, nominee for treasurer on the state ticket, who accompanied Mr. La Follette to this city and who have accompanied him during the greater portion of his tour of the state, claimed that the Janesville meeting exceeded in enthusiasm, good will and crowds any meeting in the state so far held in the campaign.

Mr. La Follette expressed intense gratification over the reception. "I knew Rock county was all right," he said to the Gazette man after the meeting was over, "but I could not imagine such a royal welcome as this. I am very proud of the good will and friendship shown toward me by these people. I am a little bit under the weather physically, and I had hard work to keep up steam in my speech tonight, but the vast audience and intense interest keyed me to my highest possible physical pitch."

Slept Two Hours.
The La Follette special reached Janesville at 5:15 o'clock yesterday afternoon and stopped on the siding opposite the Hanson factory.

The candidate weary and worn from his trip retired and slept until 7:30 o'clock. At that hour he was awakened and the train pulled into the depot at 7:45 o'clock.

An immense crowd had gathered at the station to welcome his arrival and a great cheer went up as the candidate for governor stepped from the car. No time was lost in forming the parade for the march to the Opera House.

Formed in Parade.

Chief Marshal Ed. Hyde with his aide on horse back led the procession. Following them came the Edgerton cornet band and the delegations from Edgerton and other surrounding towns. Afterwards came the carriage containing Mr. La Follette, Senator J. M. Whitehead, County Chairman T. S. Nolan and C. L. Valentine.

Then came a carriage in which rode Mrs. La Follette with John Strange of Oshkosh, James O. Davidson, candidate for state treasurer, and Graham L. Rice, candidate for railroad commissioner. The Imperial band, the Janesville Young Men's Republican club, the G. A. R. drum corps and the Young Men's republican club with 400 torches. After these came a long line of marching men. The last of the parade had not left the depot when the head reached Main street.

Streets Lined With People.
The streets were lined with people to the curb line from the railway station through the principal thoroughfares to the Myer's Opera House, where the meeting was held. It seemed as if the entire population of Rock county had been transplanted to the city of Janesville.

Wagons were run down along the line of the march, fire works were distributed and the progress of the procession could be seen for miles around by the countless myriads of colored stars that shot upward.

People on the sidewalks and in the buildings caught up the enthusiasm of the marchers, red fire blazed along the line from the curb stone, from balcony and from roof to roof.

Edgerton Did Nobly.

The Edgerton contingent was 266 strong and headed by their excellent band they made the welkins ring with their enthusiasm. Evansville, Milton, Clinton, Beloit and other surrounding towns had a good representation. Farmers' wagons were strung along East Milwaukee street for blocks on each side showing that there were many present from the adjacent farming country.

It was the largest, finest and most enthusiastic political parade ever seen in Janesville. It was a glorious sight when the line passed down Milwaukee street and cheer after cheer burst from the crowded sidewalks.

Opera House Was Packed.

The Opera House doors were thrown open at 7:30 o'clock and in five minutes time it was packed from the stage in front of the gallery. At least 300 people occupied seats on the stage, others climbed up the bridges used by the scene shifters. The aisles and the lobbies and the balcony and gallery were packed to their utmost capacity and people stood about the stage door and the main entrance endeavoring to crowd in.

The hall was simply decorated, only two large flags embellished the stage on the graceful folds of which hung large portraits of McKinley, Roosevelt and La Follette. A large McKinley and Roosevelt banner was hung in the flies over the stage lights. Mr. La Follette never addressed a more sympathetic and enthusiastic audience. Time after time he was compelled to raise his hand to quiet his demonstrative hearers. Past Master of all the arts of oratory as he is, he moved the vast audience to cheers and laughter, to indignation and anger apparently at will. Many women were in the audience their brightly trimmed hats and beribboned gowns lending a bright effect in contrast to the somber garments of the men.

Over 2,000 people were packed like sardines in the theatre and showed their sentiments by enthusiastically cheering the points made by the speakers.

Senator Whitehead Presided.
Senator Whitehead presided and in opening the meeting called on E. O. Kimberly for a solo. The Col. made a hit with John Strange's song composed on the La Follette special. A song by a male quartet consisting of Messrs. E. A. Folley, E. E. VanPool, H. E. Cary and A. Crawford, followed and then Chairman Whitehead called the assemblage to order. He said in introducing Mr. La Follette:

"In this political campaign we are face to face with an issue that was familiar to our grandfathers. Imperialism was threshed over in Jefferson's time and the democrats then took the very opposite view from what they now take. The question now is simply to uphold the honor of the flag."

Bryan Trains With Tammany.
"Thomas Jefferson, the father of democracy, was in favor of making every citizen of this republic bear arms and advocated the teaching of military tactics in the schools and colleges. We saw Mr. Bryan the other day in full accord with Tammany, although he pretends to be in favor of abolishing corruption in politics. Cleveland fought Tammany because of its corruption and so did Tilden and so does David B. Hill. And General Bragg when facing that corrupt organization, defended him by declaring 'we love him for the enemies he has made.'"

Eulogy of La Follette.

"In this state the democrats have nominated for governor a man who was born in a far-away foreign land, while we have at the head of the republican ticket a man who was born in our own state of Wisconsin forty-eight years ago. While he may not tell you so he was born in poverty, worked his way through the state university to the broad position he occupies in the hearts of the people today. I say that while he will not tell you this, his wife will tell you that it is true."

Mr. Whitehead then spoke of the possibilities of the young man under the institutions of the country and closed as follows:

For Continued Prosperity.

"We are here to welcome our citizen and hear him point the way to continue the prosperity with which we are blessed and the reforms which are proposed by the republican party for the betterment of our state government. I now have the honor to introduce the Hon. Robert M. La Follette."

Mr. La Follette began his address at 8:35 o'clock and finished at 10:30 thus spending very near two hours in an exhaustive review of the campaign both state and national. He dwelt longest on the Philippine question and a more thorough and convincing argument in support of the administration policy has not been heard anywhere in this campaign. He disposed of the trust and money questions in short time and concluded with a plea for his favorite plans, revision of taxes and the proposed primary law. He spoke in part as follows.

Mr. La Follette's Address.

We are fortunate in this campaign in many respects. The high character of both William McKinley and William Bryan place them as men above the reach of personal criticism. The American people, irrespective of party alliance, can take just pride in these two manly different types of American citizenship.

Four years ago McKinley, the idol of his party, the choice of its rank and file was elected president. Bryan was defeated. On McKinley there fell the unenviable responsibility of an administration engaged in foreign war, with all its tremendous complications, all its complex and unsorted problems. He so met the great obligations of each day, so seized the opportunities it offered, so directed the policies it required, that he was again unanimously chosen as the leader of his party.

For four years Bryan has been conspicuous before the country as the champion of negation and aggressive opposition. His platform, power and skill, the persistence and sincerity manifested, so strongly appealed to his followers that he, too, was unanimously named as the leader of his party.

Each stands as the embodiment of the ideas dominating the party which he represents.

The Philippine Question.

The Philippine question is not one of abstract speculation and theorizing. It is a question of what was and is. Certain events transpired that placed upon this nation unsought responsibilities. How have we met them? Have we been cowardly, have we ignored precedent, violated law, our obligations, or the principles of our institutions?

The Democratic platform says that we have. Remember that this charge is against a

CHINESE PAY THE DEATH PENALTY

Two Highest Officials Escape Punishment by Suicide.

BANISH PRINCE TUAN

Allied Army is Encamped at Pao Ting Fu, and All Is Quiet.

AMERICAN MISSIONS UNSAFE

Washington, Oct. 26.—Two of the highest Chinese officials, whose punishment for instigating the outrages in China is demanded by the powers, have paid the penalty by death.

It is supposed that both committed suicide in order to escape the disgrace of punishment by the imperial courts.

The Chinese Minister Wu has received word from official sources that Kang Yi, one of the foremost men in China, a member of the cabinet, and one of the most bitter anti-foreigners, died Oct. 18. Governor Yu is the minister who enticed the missionaries into his yamen to be butchered.

Minister Wu is also advised that Prince Tuan is now at Shang Tung, province of Shan Si, where he was degraded and not allowed to accompany the royal party to Sing Ann Fu.

Allies at Pao Ting Fu.
Shanghai, Oct. 26.—Advices from Tien Tsin say that the runner who left Pao Ting Fu on Oct. 23 reports the allies encamped there. All is quiet within the city, looting being forbidden.

Threaten American Missionaries.

Hong Kong, Oct. 26.—Advices from Lien Chau, on North river, say that American mission property there is threatened with destruction by the Boxers, who have posted notices warning them to leave.

The Boxers took the American Presbyterian buildings, but have not destroyed them.

Rebellion Spreads in Kwang Si.

Rebellion is spreading along the East River and North River in the province of Kwang Si. It is supposed to be aimed at the overthrow of the Manchu dynasty, but the reports are so contradictory that it is impossible to form a lucid impression.

SPANIARD MAY BE ELECTED AS POPE

LEO SAID TO BE IN FAVOR OF CARDINAL VIVEZ Y TUTO.

Italian and Vatican Circles Are Very Much Aroused Over the Rumor—Aged Pontiff Said to Have Nominated His Successor in His Last Will and Testament.

Rome, Oct. 26.—A great sensation has been caused in Vatican circles by the report now being circulated that the pope has, in his last will and testament, recommended that the Spanish cardinal, Vivez y Tuto, be selected as his successor.

In all the surmises that have ever been made in regard to the very interesting subject as to who would succeed Pope Leo it has always been taken for granted that an Italian would be chosen for the exalted position. The mere hint that a Spaniard has been selected by his holiness is certainly enough to cause even more of a sensation than has the report that is now in circulation.

Half a dozen Italian cardinals have been named by rumor for the place at different times. Never, however, has one name long been in the lead as a candidate for the papal crown, and it is believed that because of the fact that very little weight has been given to any one of the numerous selections from the Italians mentioned there may be more than a mere possibility that the present gossip is correct or will so develop in the course of time.

While the cardinals will themselves elect the Pope by the most secret ballots, it is admitted that the recommendation by Pope Leo of any candidate would go a long way in securing his election.

Cardinal Vivez y Tuto is the newest and youngest member of the college of cardinals. He is a cardinal deacon and holds no special office. He was given the red hat in 1899. He is 46 years old, while all the others who have been mentioned as possible successors to the papacy are above 64.

Shot His Mistress.

Chillicothe, O., Oct. 26.—This morning Harry Cudgoun fatally shot Mattie Nichole, his mistress, and then committed suicide. They had quarreled.

REBELS OUT IN FORCE

Insurgents Outnumbered the Boys in Blue by Over Twenty to One.

KILLED AND MISSING. NINE

Washington, Oct. 26.—General MacArthur cables today from Manila as follows: "The Twenty-third, Lieut. Febiger, Forty men of the Thirty-third, U. S. I. V., Lieut. Heldle and sixty men of troop I, Third cavalry, attacked the insurgents fourteen miles east of Narvican, Ilocos Sur, Province. The rebels occupied a strong position and had about four hundred riflemen and one thousand bolomen under the command of Juan Villimar, a subordinate of Tinos.

A desperate fight ensued, although under a heavy pressure and overwhelming numbers our troops were compelled to return to Narvican which was accomplished in an orderly manner. Acting Assistant Surgeon Bath and a civilian teamster were captured early in the fight but were released by Villamor.

According to their accounts, the insurgents are much stronger than was reported herein, and their loss is moderate, estimated at one hundred and fifty.

Our loss was killed, Lieut. George Febiger, Charles Lindenberg, William Wilson of the Thirty-third and Andrew Johnson, Guy McClintock of the Third cavalry. Wounded nine. Missing four. Twenty-nine horses missing.

Huge Hall in Western Texas.

Austin, Texas, Oct. 26.—News reached here today of a terrible hailstorm which passed over a large portion of West Texas. The hailstones were the size of a hen's egg and killed hundreds of wild antelope, jack rabbits, and other animals. The hailstones covered the ground to a depth of over two feet. The grass on over 300 acres of land was destroyed.

SENATOR SPOONER FEELS CONFIDENT

M'KINLEY WILL RECEIVE LARGER VOTE THAN IN 1896.

The Issues Raised by Bryan in This Campaign Are Not Having the Effect on the Voters That the Democratic Managers Anticipated—Big Badger Gains.

Chicago, Ill., Oct. 26.—Senator Spooner of Wisconsin called on Vice Chairman Payne at Republican National headquarters yesterday. The senator spoke at Joliet, Ill., last night and returned to Chicago today to attend the big railroad meeting. He then leaves for Wisconsin where he will speak until the close of the campaign. Senator Spooner said:

"As election time approaches the prospects of republican victory are becoming brighter every day, and I feel confident that President McKinley will receive a much larger majority than in 1896. In West Virginia, Indiana and other states where I spoke I found that the very best conditions prevailed and that the republicans were sanguine of victory."

"The issues raised by Bryan in this campaign are not having the effect on the voters that the democratic managers predicted, and I believe that they will be much surprised at the large republican majorities in the several states they had hoped to carry for Bryan."

"In Wisconsin and the Northwest the republicans will make big gains. Bryanism has played out. The people are going to stand by McKinley in this campaign rather than take up with false issues raised by Bryan."

Stevenson in Milwaukee.
Milwaukee, Oct. 26.—Adlai E. Stevenson, candidate for vice president on the democratic ticket, arrived at the union depot this afternoon at 1:15 o'clock and tonight will address a meeting at the West Side Turner hall. Mr. Stevenson was met at the depot by the Jefferson Club committee, headed by President Leopold Hammel, and was escorted to the Plankinton House.

More than usual interest attaches to the opening of the People's Lecture Course on next Tuesday evening. The course this year is of rare merit.

NEW DOCKS FOR MILWAUKEE.

E. H. Abbott Will Build Largest Wharves on the Lake.
Milwaukee, Wis., Oct. 25.—Edwin H. Abbott, who made several millions out of the re-organization of the Wisconsin Central railroad, and then went to Boston to live, still has faith in Milwaukee business chances. He is about to spend nearly a million dollars on dock property which he owns here, which extends several hundred feet east of the Northwestern railroad bridge. The new docks will be of stone and concrete, with a depth of water greater than that at any other docks on the lakes, so that the largest draft vessels may be accommodated for all time.

Wines Hanged for Murder.

Columbia, S. C., Oct. 26.—Warby Wines was hanged today for the murder of H. H. Paulding, who he killed and robbed on the road. Major Green his alleged partner, was pardoned as he reached the gallows. Wines confessed to being alone responsible. Both are colored. The parting of the men was pathetic.

JACOBSDAL TAKEN BY THE BURGHERS

British Garrison Made a Stubborn Resistance, and Over Half of Them Were Killed.

Cape Town, Oct. 26.—The Boers have captured Jacobsdale, southwest of Kimberley in the Orange river colony. The British garrison made a stubborn resistance and was badly cut up. Out of a detachment of fifty-two men comprising the garrison there were thirty-four casualties.

It is rather an unhappy coincidence from an English point of view as the City of London volunteers who will be feted tomorrow in London were chiefly famous for capturing Jacobsdale.

ROOSEVELT FELT VERY HAPPY TODAY

He Was Pleased With the Monster Demonstration at Syracuse—Bryan Feels Encouraged.

Syracuse, N. Y., Oct. 26.—Roosevelt felt happy this morning over the monster demonstration last night when 40,000 accorded him honor. The candidate is especially pleased that there were no rows as there were reported there would be. At eight thirty o'clock he departed very quietly for another round including Little Falls, Amsterdam, Albany and a grand finale to the day at Madison Square Garden, New York tonight where twenty thousand voices will sing "America."

Bryan Feels Encouraged.

Orange, N. J., Oct. 26.—Bryan continued his canvass of New Jersey today beginning at Hoboken his scheduled calling for twelve speeches. The chief meetings will be held in Dover, Paterson and Newark where he speaks thrice this evening. The warmth of the receptions so far in this state gives the candidate great encouragement. At East Orange he talked to thirty-five hundred and notwithstanding the railway company's rule spoke from the rear platform at Harrison Junction. At Orange he was taken in a carriage to a band-stand in the public square.

SENATOR SUED FOR BREACH OF PROMISE

Wm. V. Sullivan of Mississippi, Has a Madeline Pollard Case on His Hands.

Washington, Oct. 26.—Senator William V. Sullivan of Mississippi, was today made defendant to a breach of promise suit instituted by Miss Mai Lucy Leeton. She asks for fifty thousand dollars damages alleging that for five years she has been the companion and during certain periods lived with him as his wife. She alleges that he promised to marry her at different times and now refuses to keep his agreement.

The case brings to mind the famous suit of Madeline Pollard against Representative Breckenridge of Kentucky and the bill shows many similar features.

She stated first that she met Sullivan at Oxford, Miss., in 1895. Then she said she was married but not living with her husband; that Sullivan secured a divorce for her a short while after. The bill alleges that Sullivan paid her tuition and board at a business college at Memphis and a female institute at Warrenton, Va.

Convicted of Killing Prof. White.

Philadelphia, Pa., Oct. 26.—Henry Ivory (colored), charged with complicity in the murder of Prof. Ray Wilson White, law instructor of the University of Pennsylvania, has been convicted of murder in the first degree. Prof. White was murdered with a railroad coupling pin and robbed on the street on Saturday night, May 19.

MINERS TO RESUME WORK ON MONDAY

Great Coal Strike Finally Decided To Be at an End.

ORDERS BY MITCHELL

The Higher Pay Demanded by the Strikers is Generally Granted.

FEW OPERATORS HOLD OUT

Philadelphia, Pa., Oct. 26.—The practical end of the great strike of anthracite coal miners came in a statement issued by President Mitchell at Hazleton. In this he declared the strike off against all companies which have complied with the strikers' demands, and the strike will be continued against those companies, which have not granted the Scranton convention's demand. The strikers will return to work Monday at the places where the tie-up is ended.

Simultaneously with the announcement of the ending of the miners' strike came a notification that the Reading company had decided to cut loose from the anthracite coal pool. This decision was reached at a meeting of the Reading officials, when it was decided that the corporation should withdraw from the syndicate and mine coal hereafter as it finds a market. The Reading objects to the allotment rule, which has heretofore kept the company back from production or output of more than 20.5 per cent.

The main features of the great strike are summarized as follows: Day that strike began; Sept. 17; duration in working days, 26; number of men out, 137,000; loss to miners in wages, \$7,200,000; loss to railroad employees, \$26,000; cost of state troops, \$50,000; number of lives lost, 6; number of persons injured, 42.

Rejoicing Is General.

Telegrams received at the headquarters of the miners tell of general rejoicing throughout the anthracite region today. It is believed the strength of public sentiment will be such that all the companies now standing out will sign the new agreement and that work will be resumed in all the mines next Monday.

The United Mine Workers' headquarters will probably be closed next week. President Mitchell will be in Scranton tomorrow to participate in a breaker boys' demonstration, after which he will make a tour of the entire anthracite region. Plans have been mapped out for justification meetings in various parts of the coal fields to celebrate the ending of the strike.

NOT A DEMOCRAT IN THE PRECINCT

Lack of Democrat to Serve on Election Board May Throw Out a Wisconsin District.

Marinette, Wis., Oct. 26.—Middle Inlet, in this county, is the banner republican district of the state. There are over 150 voters in it, and one of the election inspectors writes that it is impossible to find a democrat there to serve on the election board, and he asks Marinette democrats to send one up. It is impossible for the local committee to send a man, as the law provides that the inspector must live in the district. The democrats concede that the people should not be deprived of voting simply because the district is unanimous for McKinley, but the law is mandatory that all of the election inspectors must not be of one political faith.

Banner Republican City.

Stoughton, Wis., Oct. 26.—The strongest republican city in the state, taking population into consideration, is Stoughton, as out of its 750 voters 620 are republicans, and 130 are democrats, populists and prohibitionists. In a canvass of the T. G. Mandt Vehicle company and the Stoughton wagon company operatives, about 300 men being employed in both concerns, there were found three democrats, two populists and six prohibitionists, the rest republicans.

DEATH OF W.D. MERRELL

Oldest Printer in the State Passes Away—Publisher of the Prairie du Chien Courier.

Prairie du Chien, Wis., Oct. 26.—W. D. Merrill, editor of The Courier, died here last night, aged 85. He was one of the oldest printers in Wisconsin having worked at his trade in Milwaukee in the '30's. He came here from Milwaukee in 1856 and began editing The Courier, which he continued up to the time of his death.

ELUDES AMERICAN TROOPS

Gen. Hall's Unsuccessful Chase of
Gen. Calles.

PURSUIT AMONG MOUNTAINS.

Gen. Hall Found the Country Desolate
Except by Farmers and Fishermen—
One Village Surrenders—Nineteen Deaths
on Trip—More Troops Sent.

Manila, Oct. 26.—General Hall, with 700 men of the Second, Eighth, and Thirty-seventh regiments and the Macabebe scouts, has returned after spending twenty-one days in the mountains between Vavita and Binangonan, province of Infanta, in pursuit of the insurgent General Calles; who escaped to the south. General Hall reports that he found the country desolate, except by farmers and fishermen.

A detachment of 250 men, with whom it was proposed to prevent Calles' flight northward, embarked on the transport Garonne, and awaited off Binangonan the arrival of the troops who were marching overland for that place. The troops were given a hearty welcome by the inhabitants of Binangonan, and two companies under Captain Fremont of the Second regiment established a garrison there. General Hall then reconnoitered the island of Polillo, east of Luzon. The transport on which the reconnaissance was made grounded twice on the reefs surrounding the island, but was hauled off by the gunboat Yorktown. General Hall found an ungarrisoned insurgent village, the inhabitants of which willingly surrendered to Americans, who were cheered. The expedition then returned to Manila on the Garonne. During General Hall's operations one soldier and eighteen Chinese bearers died from exhaustion.

The transport Thomas has arrived here with one battalion of the Eighth Infantry, one battalion of the Fifth Infantry, and 500 recruits.

Transport Sails for Manila.

San Francisco, Cal., Oct. 26.—The transport Port Stephens has sailed for Manila, carrying 400 horses, several hundred tons of supplies, and a force of seventy-seven teamsters who will look after the animals en route. The Meade is expected to arrive Saturday or Sunday with 280 patients. Forty-five of the convalescent volunteers were discharged from the Presidio yesterday and fifty-two today. The paymasters are veritable bonanza kings to the soldiers, whose pay now always amounts to several hundred dollars, the poorest getting \$300 and the richest \$1,500.

Recruits for Philippines.

New York, Oct. 26.—Col. Kimball, assistant quartermaster-general of the United States army, announced that 2,000 recruits will leave for the Philippines in the next three weeks. The first 1,000 will leave on the transport Buford on Nov. 5. The second transport, carrying the other 1,000, will be the Kilpatrick, which will leave on Nov. 10. The recruits on the Buford will be in command of Col. Jacob Kline of the 21st Infantry, and those on the Kilpatrick by Col. Tully McGree.

Cotton Crisis Passed.

London, Oct. 26.—A member of a firm of cotton brokers, who returned from a tour in the cotton-spinning district of England, said: "The cotton-mill operatives of this country no longer expect to go without food and fuel this winter, owing to the shortage in the American supply of cotton. There is general rejoicing in Lancashire over the swift movement of the American crop, which promises, after supplying the new mills of the southern states, to send a much larger quantity of raw cotton to England."

Bar Women Who Ride Astride.

Chicago, Oct. 26.—Two women were barred from the riders' class at the horse show because they ride astride, and no such class is provided for by the National Horse Show association rules. Their exclusion aroused talk about favoritism and partiality, but horse-show officials assert that such is positively not the case.

Marries a Lover She Jilted.

La Porte, Ind., Oct. 26.—Mrs. Alta M. Edwards, who was granted a divorce in the circuit court, was married this afternoon to Charles W. Kline, a wealthy farmer of Lake county, Illinois, who is said to have courted her before her marriage with Edwards.

A Country Lass.

Health in her beaming eyes, health in her glowing cheeks, health in her merry laugh. Yet country air and country hours can't save her from the common experience of women—an experience which dulls the eye, pales the cheek, and turns the laugh to a sigh. Womanly ills come to almost all. But for these ills there is help and healing in Dr. Pierce's Favorite Prescription. It regulates the periods, stops unhealthy drains, cures inflammation, ulceration and female weakness. It makes weak women strong, sick women well.

"Miss Ella Sapp, of Janesville, Guilford Co., N. C., writes: 'I had suffered three years or more at monthly periods. It seemed as though I would die with pain in my back and stomach. I could not stand without fainting; had given up all hope of ever being cured, when one of my friends insisted upon my trying Dr. Pierce's Favorite Prescription. With but little faith I tried it, and before I had taken half a bottle I felt better—had better appetite and slept better. Now I am happy to say I am entirely cured, and all done in two months' time, when all other medicines had failed to do any good at all.'

Biliousness is cured by the use of Dr. Pierce's Pleasant Pellets.

MR. BRYAN'S WARNING

"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 19, 1896.

MR. LA FOLLETTE'S OVATION.

The ovation tendered Mr. La Follette last evening indicates that the republicans of Janesville and all Rock are alive to the issues of the day and gives assurance that there will be no lack of republican votes in November. The crowd was good natured and orderly, and the enthusiasm was a pleasant reminder of the national campaigns of other years. Long before eight o'clock the Opera House was packed to the doors and an overflow meeting of from three to five thousand could easily have been secured if a hall had been provided.

Mr. La Follette is a good speaker and never disappoints an audience. Those who were fortunate in hearing him last night were amply repaid and went away satisfied that the state will be ably represented in its chief executive.

The meeting and the demonstration last evening is a source of gratification; it meant more than tin horns and university yell enthusiasm. Janesville is the home and Rock county is the stamping ground of one of the prominent candidates for governor in the early part of the campaign. Senator Whitehead sacrificed his ambitions for party harmony and returning from a campaigning tour in the northern part of the state, presided at the meeting last night surrounded by friends who worked for him until he withdrew from the gubernatorial race. This represents the right kind of party loyalty, and will be a source of satisfaction to Mr. La Follette.

When the votes are counted next month it will be found that Rock county is to the fore with an old time majority for the state and national ticket.

WITH AN APOLOGY.

The following college presidents declare their intention of voting for President McKinley, but find it necessary to apologize for their contemplated action.

President George Harris, Amherst College: "I shall vote for McKinley. Reasons: (a) Negatively—Better bear the ills we have than fly to others that we know not of; (b) Positively—Sound finance; good cabinet and able foreign policy; We cannot relinquish the islands so we must govern and educate. The policy cannot be the same at present for Porto Rico and the Philippines."

President Hyde of Bowdoin: "My reasons for voting for him? Because with all his weakness he is not half

so dangerous as his well-meaning but light-minded opponent. Because his chief advisers and appointees are vastly superior to any that could be found following the present democratic leadership. Because his election will do more to secure the benefits of sound money than his defeat would do to avert the evils of imperialism. Because the burial of Bryan now past all hope of political resurrection is the best way to prepare four years hence a democratic opposition sane and strong enough to undo most of the mischief which has been and will be done by the McKinley administration.

President G. Stanley Hall, of Clark University: "I shall vote for McKinley because I fear free silver more than I do imperialism."

These are the men—and there are many more connected with educational work who will vote for McKinley under protest, if they vote for him at all—who are moulding the minds of young men for the duties of American citizenship. More nonsense and disloyalty has emanated from our colleges and higher institutions of learning than from any other department of civil life. This fact was so pronounced in the campaign of 1896 that it became notorious. It appears to be about as close to the surface in the campaign of 1900. Men who are so fond of theories and text book political economy that they appear to occupy a pedestal remote from the common herd. Men who wrap their cloaks of superior knowledge about them and apologize for the weakness of the administration, and talk about the less of two evils, the danger of imperialism and a flock of other phantoms not visible to the eye of ordinary intelligence.

There are more Bryanites today to be found among the young men of our colleges and universities than can be found in any equal number of young men in any other line of work. Many of them going out of staunch republican homes who would have been true to the political faith of their fathers but for the poisoning influence of some dyspeptic professor or president whose mind is so wrapped up in a theory that he has long since forgotten that he is a part of the great busy world and honored with the privilege of living in this bright century, enjoying the best government that the sun ever shines upon.

Some one said a number of years ago, and the saying is as true today as when it was first uttered, that it takes a boy ten years after he graduates to have knocked out of him by contact with practical life the free trade, free silver and free nonsense theories that he inherits with his diploma. It is not a very flattering comment to the diploma producers.

Mr. Bryan has discovered a new remedy for trusts. He said in one of his recent tirades, put the product of the trusts on the free list and the trust would die a natural death. In other words let down the bars of protection and admit foreign goods free and have a good time. That experiment was tried under democratic rule from 1892 to 1896. Our industries died fast enough, but labor survived on soup. Thank you, Mr. Bryan, no more soup.

Chance and change are sometimes desirable; when a man is on his last legs and has nothing to lose; he can afford to take chances and make changes, but when he is prosperous he can afford to be happy and let well enough alone. The man who votes for a change of administration this year simply because he wants a change should hardly be considered accountable.

Free silver, free air, free soup, everything free as the air we breathe. "When Bryan comes marching home." The dinner pail will go out of use when Bryan presides in the White House, because the mail carriers will be instructed to leave a handful of 16 to 1 dollars with the morning paper, and it won't be fashionable to work. Good Lord, hasten the day.

Bryan has too many issues. His party is overworked and it will be several months after his campaign closes before some of those over-taxed brains discover what struck Billy Bryan.

If Bryan should succeed in expanding a forty cent dollar into two and a half times its value without increasing the weight or size would he be an expansionist or imperialist?

The wage earners of the state of New York have on deposit in the savings banks a round billion of dollars. They will be slow to vote for Bryan and a depreciated currency.

A vote for McKinley means the busy hum of machinery in every factory in the land.

After Roumanian Oil Fields.

Berlin, Oct. 26.—Robert P. Porter, formerly United States commissioner to Cuba and Porto Rico, is in Europe in behalf of the Standard Oil company, which is anxious to buy the coal and oil fields of Roumania. Mr. Porter is negotiating here through the Disconto Gesellschaft, the financial representatives of Roumania.

Steel Pin in His Brain.

Coldwater, Mich., Oct. 26.—George Neely, who was so terribly injured by an explosion of a gun, which drove the breech pin into his eye and head nearly five inches, is still alive, although it is now known that the iron penetrated the brain. He is conscious

and able to sit up. Physicians here are completely nonplused at his favorable condition.

In Chaucer's Memory.

London, Oct. 26.—The 500th anniversary of the death of Chaucer was commemorated by the unveiling by Alfred Austin, poet laureate, of a memorial window in the Church of St. Eavivour, Southwark, adjoining the old Tabard inn, where the poet started on his pilgrimage to Canterbury.

POLITICS AIDS FORGER.

Names of Republican Leaders Used to Secure Sum of \$100,000.

New York, Oct. 26.—Operating under the cloak of agents of the republican campaign committee, rogues have succeeded in obtaining probably \$100,000 on forged checks in this city and through the state. Their method of operation is shown in the case of H. M. Cook, who is under arrest on the charge of passing bogus checks bearing the name of M. L. Muhleman, treasurer of the republican national campaign committee. Cook, it is alleged, induced William J. Wright to deposit checks purporting to represent \$1,100 to his account in the Mount Morris bank. These all bore Mr. Muhleman's name.

Cook explained that they were contributions to the republican fund, and the committee, not desiring to let the amount of the subscriptions be generally known, had arranged to cash the checks in different banks.

Wright gave Cook \$1,100 in cash and a few days ago the prisoner appeared again with \$1,700 in checks. The bank officials began an investigation and found that the checks had been forged. Other similar transactions have been reported from the interior, which lead to the supposition that the total receipts for the forgeries will not fall short of \$100,000.

Treasurer Cornelius N. Bliss of the national committee, says that Cook had no connection with that body. Mr. Bliss said Cook was once associated with a sub-treasury official and once had undertaken to organize a political literary bureau and in that way had secured letters from the members of the committee.

On the strength of these letters the man had obtained funds. The sum of \$900 had been traced to him, Mr. Bliss said. He believes that the real sum obtained by Cook is greater.

UNCLE SAM TOOK CHARGE OF FOOTVILLE ROBBERS TODAY.

Rock County Turns Over the Three Thomases to Inspectors Bird and Jones—The Examination Will Be Held One Week from Today Before Judge Patten.

When the case of the state of Wisconsin against Thomas Kelly, Thomas Dillon and Thomas Ryan, the alleged postoffice robbers was called in the municipal court this morning a good sized crowd was there to witness their examination. They were doomed to disappointment for on motion of District Attorney Jackson the case was dismissed and the prisoners were discharged. Their liberty was of short duration however for United States Marshal Bird and Deputy Marshal Jones were on hand with warrants for their arrest and had them handcuffed in less time than it takes to talk about it. The men were then taken before United States Court Commissioner Patten and held for examination. Ralph Bird appeared for the United States and William G. Wheeler for the defendants. In order to allow time to get important evidence the case was continued for one week and will be brought up on Friday, November 2 at 10 o'clock. Judge Patten set bail at \$1,500 for each man and in default they were committed to the county jail.

Held Up by Masked Men.

Lorain, Ohio, Oct. 26.—Three masked men entered the Nickel Plate Depot at Vermilion at 2 o'clock a. m. and forced the agent, Henry Backstine, to throw up his hands at the point of revolvers. He was then bound and carried out to a box car. The safe was blown open and rifled of its contents, several hundred dollars being secured. At 6 o'clock a freight crew, stopping for orders, heard Backstine pounding the side of the box car and released him. No clue has been found to the identity of the robbers.

CHARLES CANNIFF WRITES FROM MANILA

JANESVILLE BOY LANDED ON THE ISLANDS SEPT. 22.

Left San Francisco Aboard the Transport Sherman—Trip Consumed Four Weeks, and Was Without Accident—Good Treatment Accorded Soldiers Under MacArthur.

Charles Canniff, a well-known Janesville boy and a son of Mr. and Mrs. J. A. Canniff, is now in the Philippines as a member of Uncle Sam's army. Mr. Canniff joined the army this summer at Fort Thomas, Ky., and from there went to San Francisco from which port he sailed for Manila in August.

The trip, writes Mr. Canniff, was made aboard the government transport Sherman which had on board about 4,000 souls. It took the great ship just four weeks to make the voyage from America into port at Manila. The treatment accorded the soldiers on board boat was excellent. There was plenty of room for all and the meals were first class. Several physicians were aboard to look after the sick in case they were needed.

On arriving at Manila the boys were given a rousing welcome by all citizens. After reaching shore the troops formed into line and were at once marched five miles into the country where they camped for the night. Mr. Canniff says that his health is excellent and that he has nothing to regret for enlisting for three years' service as a volunteer of Uncle Sam's.

STEVENSON WAS IN JANESVILLE TODAY

The Democratic Candidate For Vice President Spoke At Platteville, Wis., Last Night.

Janesville had a brief visit paid her this morning by General Adlai E. Stevenson, democratic nominee for president of the United States. He was accompanied by Col. John J. Martin, Judge Advocate General of Mo., and who was sergeant-at-arms of the democratic national convention at Kansas City, W. H. Ford of Madison also joined the party this morning on the train.

The party were on their way from Platteville, Wis., where Gen. Stevenson and Col. Martin spoke last night. They spoke in the Platteville Hall and it was inadequate to hold the crowd who wished to see the democratic nominee. It was estimated that there were fully two thousand people in the audience and as many people outside whose curiosity could not be gratified.

Mr. Ford who joined their party today spoke last night to a large audience at Blanchardville, Wis., and although he admits that the majority were republicans he says that he held their attention until the close of his speech.

The party left at 10:05 over the Chicago, Milwaukee & St. Paul Ry for Madison where General Stevenson speaks tonight.

JUNIOR-FRESHMAN FOOTBALL GAME

An Interesting Contest In High School Series Expected At Athletic Park Tomorrow.

The next game in the high school series of football games takes place tomorrow afternoon at Athletic Park. This time the contestants are from the Junior and Freshman classes. A great deal of interest has been shown over these inter class games and this one promises to be one of the most closely contested of the series.

The officials are to be chosen from the faculty of the High School and will try to give complete satisfaction this time. Once or twice heretofore the officiating has been rather poor, time being called in one instance before it should have been, thus giving the advantage to the higher class team. The line up will be as follows:

ROMAN CANDLES GO OFF IN A BUNCH

Almost a Panic in the Line of Parade Coming Down Milwaukee Street Last Night.

While the parade was in progress last evening a box of premature exploding Roman candles came near resulting in trouble. Part of the committee was stationed in front of Archie Reid's store and had a box of about five gross of Roman candles to enliven the parade when it came along.

However, a spark got into the box and just as the procession came by the whole box of candles started to go off at once. To say that there was a panic is not putting it strong enough.

Red, blue and white balls of fire shot in all directions and pandemonium reigned for about a minute when a small boy dumped a pail of water in the box and the premature celebration was stopped.

WAS A SURPRISE TO THE ST. PAUL ROAD

NORTHWESTERN PUTS A SIDE TRACK ON RIVER STREET.

This Time the Northwestern Company Had No Trouble in Accomplishing Its Object—They Placed Track Scales in Front of the Blodgett Mills.

Chicago & Northwestern railway company section hands were busily engaged today in laying a new side track on North River street.

In order to get the better of the Milwaukee & St. Paul company the Northwestern removed the large River St. platform in front of the Blodgett mill and erected in its place a new side track that now runs so close to the Blodgett mill that the St. Paul company will find it impossible to reach the mill on River street without crossing the Northwestern track. Before this was done the St. Paul company had the inside track. A large pile driver assisted in the work as it was necessary to border a portion of the race way.

It is said that in time the new side track may be extended in front of the Jeffris mill. By this new arrangement the St. Paul company's track on North River street is now bordered on both sides for a considerable distance by Northwestern tracks, making on North River street at one intersection three spur tracks side by side.

The St. Paul company are anything but pleased over this new track problem as they have to cross the Northwestern track on River street in order to load their cars from the Blodgett mill. The St. Paul company still have access to the mill on the east side.

MOB MENACES JERSEY FIENDS.

MID Hands Surround Jail Holding Slayer of Jennie Bosschleter.

Paterson, N. J., Oct. 25.—Crowds surrounded the jail last night and loud threats were made against the four men confined there on the charge of having murdered pretty Jennie Bosschleter. So menacing was the multitude that extra guards were put on to protect the prisoners.

When the mills and factories closed three thousand gathered and the excitement was intense. The majority, however, drifted away within an hour without attempting violence.

The mill people fear the unseen hand of influence will free the four men now held for the murder.

The public prosecutor says he can't take the case before the grand jury before a week or more because "there is too much business" already on the docket.

"Is there anything," the public asks, "that should stand in the way of avenging a poor mill girl from the men of wealth, who, because she had a pretty face, fastened upon her as their natural prey?"

What "more important business" can be for the grand jury to consider than this awful crime? If the district attorney will not act the grand jury must act of its own motion. The four men refuse to talk and nothing has been added to the confession of three of them.

ROBERTS DEPARTS NOV. 15.

Lord Wolseley Will Serve at Head of Army Till End of That Month.

London, Oct. 25.—The war office announces that Lord Roberts hopes to leave South Africa for home about Nov. 15, and that Gen. Lord Wolseley has consented to continue to perform the duties of commander-in-chief of the army until the end of November.

The revival of guerrilla warfare in South Africa has lighted up English sentiment, especially in smart society, which is divided into military cliques and factions. Lord Roberts' leniency is condemned by impatient partisans as a source of weakness in South Africa, and the opinion is expressed that a general as cold-blooded as Kitchener is needed to suppress the lawlessness now in progress. These critics make no secret of their discontent with Lord Roberts' methods of peacemaking.

Kept Pace Across the Ocean.

New York, Oct. 25.—Both the Hamburg-American liner *Furst Bismarck* and the French liner *La Lorraine* were reported passing Lizard Head, England, at 3 o'clock this morning. Both vessels cleared the Sandy Hook bar at about 12:05 p. m. Oct. 18. They have therefore been in company perhaps during the whole voyage and the new French liner has no doubt made the old *Furst Bismarck* hustle to maintain her standing among the "flyers." The time of passage to the Lizard is not fast, being about six days ten hours and 18 minutes, which will average about 19 1/10 knots per hour.

Social Democrats to Meet.

New York, Oct. 26.—The executive committee of the social Democratic party have made arrangements for what they say will be the largest socialistic demonstration ever held in America. The presidential candidate of the party, Eugene V. Debs, will be the principal speaker at a mass meeting in Cooper Union next Tuesday night. Job Harriman of California, the vice presidential candidate, Benjamin Hanford, candidate for governor, and Max Hayes of Cleveland, will also make speeches at this meeting.

Encouraging the Filipinos.

New York, Oct. 26.—A Paris dispatch to the Times says at a banquet given by the Filipinos here to Romero y Robledo, the Spanish ex-minister of justice, the latter made a warm speech encouraging the Filipinos. He said that they had the sympathy of Spain and called the United States a "robber nation."

Senor Robledo said help would come to the Filipinos if they kept up the struggle.

Will Annex West Florida.

Montgomery, Ala., Oct. 25.—Secretary of State McDavid has taken the first step toward annexing West Florida to Alabama. In his annual report to the governor the secretary of state says that Alabama runs a mile further south on the eastern boundary than the tract books have heretofore shown, and that the state is possessed of a wedge of land, which his office records fail to show it owned, running 100 miles along the southern end of the state.

MONEY SCARCE IN SWEDEN.

Commercial Interests Are Suffering—Financial Crisis Imminent.

London, Oct. 25.—A dispatch to the Daily Mail from Stockholm, Sweden, says: "The extraordinary scarcity of money, which has been growing more acute for a month, is so seriously affecting commercial circles as to threaten a crisis. The balance of foreign trade continues against Sweden, and the repeated contraction of gold loans abroad fails to palliate the situation. Industries are daily launched, but adequate capital is not available and the newspapers are filled with appeals from manufacturers in desperate straits for money."

"Rural people attracted by the industrial activity are flocking to the towns and, consequently, the demand for houses is so great that rents have advanced 20 to 30 per cent. The civil servants have already been granted 20 per cent increase in pay to meet the hard times and it is expected employers generally will have to follow suit."

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Va., stuck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whisky in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. Because it has about 1-3 more radiating surface as compared with same sizes of other Base Burners, and is mounted and fitted perfectly.
